Capped drawdown to flexi-access drawdown conversion form

Important notes

This form must be completed if you wish to:

- convert existing capped drawdown funds to flexi-access drawdown.

If you started drawdown before 6 April 2015 you may be in 'capped drawdown'. Under capped drawdown the amount of income you can receive each year is subject to limits set by HMRC. You can switch from capped to flexi-access drawdown at any point, but should remember that this will mean the amount you can pay into your SIPP will drop from £60,000 to £10,000 a year. With flexi-access drawdown, there are no limits imposed on the amount of income you can receive from your SIPP each year, though be aware that you may need your funds to last you for a long time.

This form can also be used to:

- change the level of pension you are taking once you have converted your fund from capped drawdown to flexi-access drawdown.

Please ensure that all sections of the form are fully completed. Failure to provide relevant information or answer all questions may delay the payment of benefits.

5. Understanding the risks - important questions you must answer

It is important that you consider and understand the risks associated with the type of benefits you wish to take from your SIPP. Please read the following questions and answer 'Yes'/'No' as appropriate. You must answer all the questions for us to be able to process this form.

- Do you understand the level of tax you're going to pay when you take money out of your SIPP? Yes No
- Do you know that once money is taken out of your SIPP, it loses a number of tax advantages and there are limits on what you can pay back in? Yes No
- Do you understand that if you withdraw money from your SIPP to invest elsewhere, you'll have to pay charges when reinvesting it? Yes No
- If your SIPP is your main source of income in retirement (excluding the state pension), have you considered that lower-than-anticipated investment returns, or withdrawing too much income, could mean your SIPP runs out of money and isn't able to pay you the level of income you need or expect? (If your SIPP isn't your main source of income in retirement, please answer 'Yes'.) Yes No
- A SIPP doesn't offer a guaranteed income – do you understand that your income won't be guaranteed for life? Yes No
- If you're married or have a partner or dependant who might outlive you, have you considered how accessing your pension will affect their income after your death? (If you're not married and don't have a partner or dependant, please answer 'Yes'.) Yes No
- Have you shopped around to compare the charges you'll pay in your SIPP with those that would apply if you chose a different retirement option or pension provider? Yes No

Are you aware that creditors may have less of a call on the money held inside a pension than if you take that money out? Yes No

Do you understand the impact taking money out of a pension may have on any means-tested benefits you may receive? Yes No

Have you been approached by someone encouraging you to take money out of your pension for investment purposes? Yes No

Have you considered the state of your health and lifestyle when deciding the amount to withdraw from your pension savings? For example, if you're in good health, your pension may need to support you for many years to come. Yes No

We will review your answers to the above questions and, if required, write to you with tailored risk warnings. You will have seven days from the date of our letter to consider the warnings and contact us if you want to change your mind. After seven days, we will continue with the processing of your requested benefits.

If it appears from your answers that you have considered the relevant risks, we will not issue any warnings and will proceed with processing your requested benefits without the waiting period.
